

Powered Industrial Truck Train-the-Trainer

1 Who Should Attend . . .

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOsha).

2 Why You Need This Seminar . . .

- ▶ To reduce disabling injuries and illnesses to employees - and to ensure that every worker goes home safe and healthy every day.
- ▶ To reduce the high costs of work-related injuries. Nationally, employers spent an estimated 50.8 billion on wage payments and medical care for workers hurt on the job. (*Liberty Mutual Safety Index 2005*) This is only a portion of the total costs of work-related injuries. Indirect costs such as overtime, training and lost productivity can also burden employers.
- ▶ To enhance your company's bottom line. A strong safety and health commitment not only protects workers, it also reduces workers compensation costs, improves employee morale, and increases production and quality.

3 What You'll Learn . . .

This MIOsha program involves a full day of safety training designed to address specific occupational safety and health hazards associated with operating powered industrial trucks. MIOsha General Industry Safety Standard Part 21, Powered Industrial Trucks is extensively examined as well as the relevant rules contained in other MIOsha Standards. Topics include truck safe guards and devices, safe operating procedures, employee selection, training and inspections.

Agenda

*We offer a flexible
program agenda
to emphasize the
health and safety
topics you
want most.*

- ▶ Overview of CET Services
- ▶ Part 21: Review of the
Powered Industrial Truck Standard
- ▶ Top 10 Common Violations for
Powered Industrial Truck
- ▶ Health Hazards Associated with
Operating Powered Industrial Trucks

Facilitator

Debra Gundry has been with the State of Michigan since 1979. She is a graduate of Michigan State University and joined the Consultation Education and Training Division as a MIOSHA consultant in 1992. Debra provides services for the Lansing area including Shiawassee, Clinton, Ionia, Ingham, and Eaton counties.

Debra's duties include consultative services to establish a company or organization's safety program; and planning and conducting training programs for management, trainers, supervisors, and employees regarding the Michigan Occupational Safety and Health standards. She serves on several CET committees.

Debra Gundry
*Occupational Safety Consultant,
MIOSHA, CET Division*
